EDUCATION

Progressive Education Society's Modern College of Engineering   2020 – 2024
BE - Information Technology   Pune, India
CGPA: **8.9 / 10.0**

Tanwani Junior College   2019 – 2020
Higher Secondary Certificate (Class XII)   Aurangabad, India
Percentage: **77.85 %**

EXPERIENCE

PES Modern College of Engineering (IT Department)   March 2023 – April 2023
Web Developer Intern   Pune, India
- Designed an application named '**GradeGuru**' responsible for providing resources such as reference books and previous year question papers for engineering students.Implemented Four features (*Reference Books, PYQ, Professor Desktop, Coding Competition Info*) to the Website using *React JS, Material UI, tailwind CSS and Firebase real-time cloud database*.
- Integrated PWA feature for cross-platform access so that it can be operated from any device.Deployed and done maintenance on serverless backend server (Netlify).
- Our project received funding from College to scale the project further.

PROJECTS

Eaze-Employee ⊡
Tech Stack: React JS, Bootstrap, Express JS, Node JS, My SQL
- Eaze-Employee is a comprehensive platform that facilitates efficient organization and maintenance of crucial employee information such as salary, department, and other pertinent details.
- With a user-friendly interface, administrators can effortlessly add, update, and delete employee records, ensuring seamless management of workforce data.
